

INSTRUCTIONS

FLOOR EMULSION FLOOR MAX

VOLUME

500 ml

ABOUT THE ITEM

Glossy, highly resistant, non-slip coating for all smooth waterproof floor surfaces. Suitable for most floor types such as sealed wood, vinyl, synthetic, stone and cork floors.

Its technology ensures superior resistance to scratches and dirt.

HOW TO USE

- Clean the floor well beforehand.
- Pour product onto the floor and spread evenly with a cloth or mop while it is still wet. Apply the coating in a thin layer.
- Let it dry for 30 minutes. Repeat if necessary.

WARNINGS

- Keep out of reach of children and animals.
- Contains adipic acid, dihydrazide. May cause allergic reaction.
- Contains 1,2-benzisothiazolin-3-one. May cause an allergic reaction.
- REMOVAL OF PRODUCT: With hot water (80+°C) and a cloth.
- Dispose of contents/container in accordance with national regulations.
