

## INSTRUCTIONS

### SUPER STRONG ADHESIVE MIXTURE GLUE MIX

#### VOLUME

Component A: 50 g

Component B: 50 g

#### ABOUT THE ITEM

Glue Mix is a two-component adhesive that enables simple, strong and long-lasting repairs on various surfaces, such as metal, plastic, wood, concrete, ceramics, tiles and glass.

#### HOW TO USE

- Clean and dry the surface before use.
- Mix components A and B in a 1:1 ratio.
- When the components are combined, the glue hardens in 3-5 minutes. It is important that the glue is quickly applied to the surface.
- After application, leave for 30 minutes to completely harden.

#### WARNINGS

##### COMPONENT A

- DANGER!

- Causes severe eye irritation.
- Keep out of reach of children.
- If medical advice is required, the container or product label must be available.
- Read and follow all instructions carefully.
