

INSTRUCTIONS

NANO COATING FOR VEHICLE PROTECTION NANO PROTECT

VOLUME

100 ml

ABOUT THE ITEM

Nano Protect it is intended for vehicles and other hard surfaces that require superior protection in winter.

Simple and quick winter protection without the use of water. Just spray it on your car's paint and it will instantly remove dirt from rain and snow, bird droppings, bugs, mud, dust, grease and stubborn stains. It provides long-lasting protection and is designed for multi-purpose use even in winter.

HOW TO USE

- Wash the car and then spray 2–3 times on a dry or wet surface and rub with circular movements using a microfibre cloth until completely absorbed.
- Do not apply on heated surfaces or use too much of the product.

WARNINGS

- Do not apply on heated surfaces or use too much of the product.
- Keep out of the reach of children and animals.
- Do not eat/ingest the product. In case of contact with mucous membranes or ingestion, rinse with water and consult a doctor immediately.
- **Best before: 3 years in closed original packaging.**
- Dispose of contents/container in accordance with national regulations.
