

INSTRUCTION MANUAL

AUTOMATIC BIKE DIRECTION INDICATOR LEFT/RIGHT

PACKAGE CONTENTS

- Intelligent taillight
- Silicone strap mount
- Micro USB cable

TECHNICAL SPECIFICATIONS

- Light: 64 LED beads, laser
- Brightness: 80 lm
- Battery: Li-Po 1200 mAh
- Charging time: 3,5 h
- Charging port: micro USB
- Material: ABS, silicone
- Dimensions: 71 × 56 × 30 mm
- Automatic sensor

COMPONENTS

- (1) Power button
- (2) 64-light LED panel
- (3) Laser
- (4) Charging micro USB port
- (5) Taillight mounting plate
- (6) Micro USB cable
- (7) Silicone strap mount

INSTALLATION

- The taillight is usually installed on the bar under the seat. You can also place it anywhere else on the back of the bike.
- Ensure the silicone strap mount is secured tightly onto the bar.
- Mind to turn the mount so that the opening with the grooves for the taillight is facing upside.
- Place the taillight's mounting plate inside those grooves until you hear the click of the latch.
- To remove the taillight, press the latch and slide the light upward and out of the grooves.

HOW TO USE

MAIN FUNCTION

- Press the power button to turn the light on. Seven different pictures will show up one by one.
- Press again to turn on the laser light.
- Press once more to switch it off.

TURNING SIGNAL FUNCTION

To switch the taillight turning signal automatically, you have to lean the bicycle (left/right) for about 10 degrees while riding the bicycle. The light will flash six times to warn the vehicles behind you.

BRAKE FUNCTION

When you use the brake while riding the bicycle, a built-in automatic sensor will send a signal to the taillight and all 64 LED lights will light up automatically and flash six times to warn the vehicles behind you.

BATTERY CHARGING

- A micro USB port on the back of the tail light is hidden behind the rubber seal.
- To charge the taillight, connect it to any USB phone charger with the included micro USB cable.
- Only use the included USB cable to charge the taillight.

IMPORTANT

- Pay attention to the road when using this item on a bicycle.
- Always turn on the light when using the product on a bicycle at night.
- Waterproofing is sufficient for rainy conditions. Do not fully submerge into water.
- Make sure the product is securely fastened to your bicycle before use.
- Only use the included USB cable to charge the taillight.
- Improper use will void the warranty.

- This device has no user-serviceable components. Do not disassemble.
- Turn off when not in use.

WARRANTY

The warranty is valid for 24 months. You can claim it from DFVU d.o.o., Liparjeva 6a, 1234 Mengeš, Slovenia, for a replacement product or a refund. Send us your order number and purchase date in the email, which is available by clicking on our logo in the bottom right corner. The product has a lifetime of 24 months from the date of collection.

	<p>WEEE disposal and recycling symbol. The WEEE symbol is attached to the product in compliance with the EU directive <i>2012/19/EU</i> on Waste Electrical and Electronic Equipment (WEEE). It is intended to deter the improper disposal of this product and to promote reuse and recycling.</p>
