

## INSTRUCTIONS

### CAR DOOR PROTECTIVE STICKER ATOMGUARD

#### PACKAGE CONTENTS

- 4 stickers

#### TECHNICAL SPECIFICATIONS

- Dimensions: 8.5 × 6.8 cm
- Weight: 2 g per piece
- Material: carbon fiber
- Color: black or silver

#### HOW TO INSTALL

- Pre-wash the area where you'll be applying the sticker (the inside of the handle) using either soap and water or a mixture of rubbing alcohol and water.
- After cleaning the surface, rinse thoroughly with water until no soap or residue remains. Leave the area to dry completely or use a towel.
- Trim the sticker if necessary, to fit the inside of your car handle.
- Now, wet the area again using a spray bottle and a solution of about 5 % soap and 95 % water. This will keep the sticker from adhering immediately and give you time to reposition if necessary.
- Position the sticker on the still-wet area and remove all the bubbles using your fingers or a plastic card.
- The soapy water will dry in a few minutes, leaving your sticker firmly affixed.

#### WARRANTY

The warranty is valid for 24 months. You can claim it from DFVU d.o.o., Liparjeva 6a, 1234 Mengeš, Slovenia, for a replacement product or a refund. Send us your order number and purchase date in the email, which is available by clicking on our logo in the bottom right corner. The product has a lifetime of 24 months from the date of collection.
