

INSTRUCTIONS

T-TAP WIRE CONNECTORS

PACKAGE CONTENTS

- Storage box
- 40 × red splice connector
40 × red male spade connector
- 40 × blue splice connector
40 × blue male spade connector
- 40 × yellow splice connector
40 × yellow male spade connector

TECHNICAL SPECIFICATIONS

- Red wire size: 0.5–1.5 mm²
- Blue wire size: 1.5–2.5 mm²
- Yellow wire size: 4–6 mm²
- Material: nylon, brass, tinplate

HOW TO USE

- The T-tap wire connectors are used to tap an electrical circuit into an existing wire.
- Position the wire into the splice connector.
- Use the pliers (not included) to fold the connector over the wire.
- Squeeze the connector together until it locks.
- Insert the wire into the spade connector and crimp it to secure it.
- Plug the male spade connector directly into the splice connector of the same color.
- Now you have a secure and insulated connection (see the picture below).

WARNINGS

- Do not connect wires with the power on. Actions of the sort can result in electric shock.
- Store the connectors in the included storage bag.
- Do not modify the connectors in any way.
- Keep away from children and animals.
- Do not expose to water or moisture.
- Do not use the product if it's damaged in any way.

WARRANTY

The warranty is valid for 24 months. You can claim it from DFVU d.o.o., Liparjeva 6a, 1234 Mengeš, Slovenia, for a replacement product or a refund. Send us your order number and purchase date in the email, which is available by clicking on our logo in the bottom right corner. The product has a lifetime of 24 months from the date of collection.

	WEEE disposal and recycling symbol. The WEEE symbol is attached to the product in compliance with the EU directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). It is intended to deter the improper disposal of this product and to promote reuse and recycling.
