- (2) Spindle hole

USAGE

- The chain disc is used for carving, cutting and shaping wood, plastic, and other soft materials.
- For tips on how to install the disc, check your angle grinder user manual and follow the steps.
- Only use this item in compliance with all safety precautions and proper safety equipment.

WARNING

- To prevent serious injury, amputation, or death, read and follow all power tool instructions and all instructions included with this item.
- Make sure that the item is safely installed and fastened before use.

- Wear protective equipment during use (protective gloves, mask, eye protection, and ear protection) to ensure your safety.
- If the disc is damaged, do not use it.
- Only use with 100–115 mm (4"–4-1") angle grinders.
- Do not use this item above its rated speed (max. 13,000 RPM)
- Only use the item on wood, plastic, and other soft materials. **DO NOT** use on metal as it can result in serious injury.
- While using this item, make sure that others are at a safe distance.
- Keep your work area well lit and clean.
- Maintain the disc by cleaning it after each use to ensure a longer lifespan and flawless operation.
- For additional information on usage, read your angle grinder's user manual.
